

Assignment: due end of 3rd week of term

Give a brief biography of each of the following scientists (3 or 4 sentences) and write a short summary (say 1/5 of a page) of the main contribution they made to physiology (human or otherwise) :

Hippocrates

Aristotle

Galen

Avicenna

Ibn al-Nafis

Andreas Vesalius

William Harvey

Matthias Schleiden and Theodor Schwann

Claude Bernard

Walter Cannon

Hodgkin and Huxley
